Avilés is a mid-sized city in northwest Spain, 10 km away from the Asturias International Airport (OVD). Located in the heart of the Asturian coastline, it is a singular tourist destination in the Asturian Natural Paradise. Noteworthy in Avilés are its picturesque historic quarter, the coastal beaches, the natural areas surrounding the city and the Oscar Niemeyer International Cultural Centre with its outstanding and original architectonic design.

The Historic quarter of Avilés, declared a Historic-Artistic Site, is regarded as the medieval town of Asturias. Strolling along its quiet and peaceful streets garnished with porticoes, squares, churches and palaces, one can walk through its history, from the 12th c. to the present time, among spaces and buildings representing Romanesque, Gothic, Baroque and Modernist architectonic styles.

The Oscar Niemeyer International Cultural Centre, the only work in Spain of the famed Brazilian arquitect, stands out as an exclusive space between the Avilés estuary (La Ría) and its historic quarter. The four buildings that make up the cultural complex meet at a large square, enveloping visitors in a singular atmosphere with the author’s identity signs: human scale of the buildings, the different shapes that the curved line can trace the visual amplitude of the space and the white colour as the horizon roof.
The Niemeyer Centre welcomes all art and cultural manifestations: music, cinema, theatre, dance, exhibitions, gastronomy or “the word”. These cultural and art manifestations play a major role in its multidisciplinary cultural agenda with one common denominator:

EXCELLENCE!

Its objective, when created, was to become a benchmark in terms of cultural management in Iberoamerica and a bridge linking all its shores. Therefore, it has been conceived as a magnet to attract talent, knowledge and creativity, but also as a gateway in Asturias to the world. Oscar Niemeyer, the famed Brazilian architect, received the Prince of Asturias Award for Arts in 1989. In 2006, when the Awards were celebrating their first quarter of a century, the Prince of Asturias Foundation contacted all the award winners for them to join in, somehow, with the events to celebrate the 25th anniversary. “I am an architect and, therefore, I am good at designing buildings and that is what I shall do. I am going to design a building”. And he did so. On a white sheet paper he started to draw some curves to offer the best possible present.

Those first strokes, painted with a thick black marker, have become his only work in Spain and qualified by Niemeyer himself as “his most relevant work and the most beloved one abroad (not in Brazil)”.

In 2008, the first stone was placed and, from then on, the Niemeyer Centre started to implement its philosophy by means of different cultural activities with an outstanding global impact. Since 2007, the International Cultural Centre has been offering a wide range of cultural activities at different venues, mainly in Avilés, but also in Brasilia, Shanghai, Cannes, Madrid, Barcelona and Oviedo. Great masters of cinema, music, literature and science like Woody Allen, Kevin Spacey, Brad Pitt, Wim Wenders, Carlos Saura, Paulo Coelho, Nobel prize winner, Wole Soyinka, Vinton Cerf, Paco de Lucía, Yo-Yo Ma, Joan Manuel Serrat or Fernando Arrabal have visited Avilés to participate actively in this dream of education, culture and peace. Welcome to Asturias! Welcome to Avilés! Welcome to the Niemeyer Centre!

Anti-Doping Policy

Anti-Doping Rules, like Competition rules, are sport rules governing the conditions under which sport is played. Athletes and other persons involved in the event accept these rules as a precondition to compete. All athletes shall be subject to Competition Testing by the World Triathlon, the Athlete’s National Federation, Anti-Doping Organizations or any other organization promoting Events in triathlon.

**All athletes must ensure they carry their official identification (Photo ID)**

Further info on Anti-Doping Rules can be found [HERE](#).

If you are selected for Doping Control, someone will approach you to notify you. You may be asked to go for Doping Control even before the race, for example, after picking up your Registration pack or when you check in your bicycle in the Transition Area. The Doping Control Chaperone and/or Officer will explain the procedure to you but you need to be aware that you have certain rights and responsibilities.

You have the right to:

a) Appoint a representative of your choice to accompany you to Doping Control.
b) Request the services of an interpreter in case you do not have a good command of English (if required).
c) Request additional information about the Doping Control procedure.
d) Request a delay in reporting to the Doping Control Station for valid reasons. (These reasons may be to receive necessary medical care, locate a representative or fulfil a media commitment but you must have the consent of, and be in full view of, the Doping Control Officer or Chaperone.)
e) Request necessary modifications if you have a disability.
f) Note any concerns with the Doping Control process on the Doping Control Form.
g) Request part “B” of your sample be analysed to confirm a positive result.
h) A fair hearing in compliance with the World Anti-Doping Code.

Your responsibilities include:

a) Be aware of, and comply with, the World Anti-Doping Code and the ITU Anti-Doping Rules.
b) Be aware of which substances are not allowed and are included in the Prohibited List.
c) Comply with requirements for Therapeutic Use Exemptions (TUE). A TUE allows you to take a substance included in the Prohibited List, if that is the only option available to you and you meet specific requirements. There are strict rules governing TUEs so it is best to check them before the event. As an Age Group athlete you may apply for a retroactive TUE but it is not guaranteed, so you may want to request one no later than 30 days prior to racing.
d) Report to the Doping Control Station immediately or within the required time slot specified by the Doping Control Chaperone.
e) Control your sample until it is sealed in the sample collection kit.
f) Ensure the sealed sample collection kit is secure and identified.
g) Ensure all documentation is accurate.

You must carry with you an ID/passport with photo when proceeding to the Doping Control Station. It is also a good idea to make sure that you have access to your National Federation manager’s phone number so that you can let him/her know that you have been selected for Doping Control.

If you have any questions about Anti-Doping procedures, please visit the World Triathlon Anti-Doping Stand at the Expo where our volunteers will clarify your doubts and answer your questions. You can also check the Age Group Anti-Doping section on www.triathlon.org.

An Anti-Doping Age Group Q&A is available:

Uniform Rules

At the World Championships, all athletes should comply with the approved National Federation uniform colour/format. The uniform must follow World Triathlon uniform rules. Hats, helmets and race belts with logos are allowed. For further information, please see the World Triathlon Competition Rule Book.

Arm covers may be used. The decision rests with Technical Delegate in consultation with the Medical Delegate (if applicable) to allow or make mandatory long sleeves.

Please note the following amendment of the rules: https://www.triathlon.org/news/article/change_in_the_age_group_uniform_rule.

Click HERE to check the approved national uniforms.

Weather Conditions

In November, average temperatures are between 10ºC and 12ºC during the day. Avilés is the perfect destination in autumn as it is not expected to have cold weather.

Bad Weather

The Race Organizers and the World Triathlon reserve the right to cancel or change the race profile for safety reasons. This could be any combination of events that we deem safe and fair. In the slim chance that the event must be cancelled or postponed due to bad weather, there will be no refunds or deferrals. A large amount of your race fee will already have been allocated to resources before the day of the race! Thanks for your understanding!
